

In Alabama Congressman Bankhead has got away with Hobson's botling outfit. Is it possible that the Spanish war is fading in importance?

A judge has been found in Iowa who holds that Dakota divorces are invalid. He claims that a residence in Dakota for the statutory period is insufficient evidence of a bona fide change of residence. No one claims that it is. The party seeking a divorce remains long enough to comply with the statutory law.

The emigration of Americans from our northwestern states into the Northwest Territory of Canada is becoming a matter of considerable concern. The land proves to be very fertile. It is stated that the increase in cereals there from 1898, when it was 9,000,000 bushels, reached, in 1903, 33,000,000 bushels. It is not surprising that farmers are crossing the border.

The republicans of Maine are enthusiastic over President Roosevelt. Once it used to be said, "As Maine goes so goes the union." They say they share in the feeling which is common throughout the country of respect for the president's courage and patriotism, and commend the wisdom with which he has conducted our home concerns as well as those in the far east.

Congressman Bourke Cockran having had poor success in Albany, pleading for Tammany Hall, in the democratic state convention, returned to Washington, and last Saturday discharged a whole broadside of oratorical guns in the house. The effect was startling. All the mines and torpedo boats of the republicans were in action at once, and there was a small Port Arthur conflict.

\$200,000 Libel Suit.

Dr. R. V. Pierce's company, The World's Dispensary Medical Association, of Buffalo, N. Y., has brought a suit for libel against the publishers of The Ladies' Home Journal, of Philadelphia, for \$200,000 damages. The sworn complaint has been filed in the Clerk's Office at Buffalo, N. Y. It appears from this that the Ladies' Home Journal in a recent number published an attack on patent medicines. This article charged that the well-known remedy, called "Doctor Pierce's Favorite Prescription," contained seventeen per cent. of alcohol, also certain drugs, and that these ingredients made the medicine harmful and dangerous. The sworn complaint shows that the above statement is wholly and absolutely false in every particular, and that the medicine contains no deleterious ingredients whatever, and none of the ingredients stated in the article so published, being made of certain extracts of medicinal plants and roots—harmless to the most delicate constitution.

When called upon, Dr. V. Mott Pierce, an officer of the company, said:

"In a recent article The Ladies' Home Journal made this wholly unfounded attack upon our remedy. The charges made against our medicine are absolutely false as the complaint in our suit shows. We find it hard to understand how a reputable magazine of the high standing and the enormous circulation of The Ladies' Home Journal should make such a damaging statement without taking pains to ascertain the facts. The remedy, 'Doctor Pierce's Favorite Prescription,' is so well and favorably known, and has such a wide sale that we could not afford to allow such a charge to pass unanswered. The fact is the 'Favorite Prescription' is composed of extracts of medicinal plants, roots and herbs, which would not harm the most delicate system. It is a false and unfounded attack upon the good name and repute of our company."

WHAT GAME OF A LETTER.

My dear Aunt Kate:
I must tell you the good news. Right after receiving your letter, the day before New Year's I started in with new resolutions for the first of the year. I wrote to Dr. R. V. Pierce, at Buffalo, N. Y., as you requested me to do. I gave him all my symptoms, which were that I was tired—so tired all the time and did not care to go anywhere, depressed and sad, and at ambition gone, backache and a dragged-out feeling, could not sleep, limbs feeling sore and aching. I followed the doctor's advice, which he went to considerable pains to make plain to me—torest every day—a nap after lunch—complete relaxation—cultivate repose of mind, try not to worry, get as much outdoor air as possible, and practice long, deep breathing, expanding the lungs. Then for a minute take Dr. Pierce's Favorite Prescription, coupled with a wash he told me of. I must say that after following his advice for four months I feel perfectly cured and like a new woman.

Yours affectionately, J. W. Dorrington.
Letters like the above are not unusual. Mrs. Kossman, of St. Francis, Mo., writes: "I continued with the medicine until I had taken five bottles, also two vials of the 'Pleasant Pellets,' and I was cured. I always recommend Dr. Pierce's medicines to my friends when they are not well."

"My daughter is in perfect good health, thanks to Dr. Pierce's medicines. My wishes are that all who are afflicted will try them and see what good can be done for the sick," writes Mrs. Elizabeth McConell, of Rochester, Ind.

Send at one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., for his Common Sense Medical Adviser, 1000 pages.

MEDICINAL MUD MINE.

The San Diego Union of April 28 says:

"Golden Sunset" is to be the name of a queer placer mine located in section 22, township 10, south, range 13 east, the notice of location thereof being filed yesterday with the county recorder. It is a mine of medicinal mud and is located 600 feet east and 15 feet north of Volcano station on the Southern Pacific railroad and 180 feet southeast of an old volcano. Volcano station is east of the dry Salton lake at the head of the Imperial valley. The springs there emit hot mud continually. The locations are E. C. Ziegler, W. D. Bohan, E. Henderson, W. F. Lemmon, J. E. Gray, H. N. Henderson, A. D. Frantz, Hazelett & Schlott. The location was recorded at the request of H. N. Henderson of Pomona.

"Mud baths," as they are called, have been in use in South California and elsewhere for hundreds of years, their virtues having first been tested by the aboriginal Indians. These mud springs or mud volcanoes are by no means rare, and they only need modern hotels with latter day comforts and publicity to attract a very large and generously profitable patronage from all over the country.—Citrograph.

The Canadians have done a wonderful thing: bored a tunnel through the rock under the Horseshoe falls of Niagara, opening it at a point behind the falls where a great volume of water pours over. Other magnificent views have also been obtained by branch tunnels. Rooms have been fitted up in the tunnel with glass ends so that one can take an ice cream, a cigarette or a hand at whist behind the wonderful falls, sitting on a sofa high and dry, and at the same time study the submarine wonders of the greatest cataract on the globe. What a place for love-making during the dogdays!

At last W. J. Bryan has taken the advice of his friends and "hired a hall." This he did in Chicago a few days ago, paying all the expenses and throwing open the doors to the public. When the crowd had collected he proceeded to debate, define, defy and demolish the Hill-Parker democratic platform of the New York state convention. He said it is "ambiguous, uncertain, evasive and dishonest." This is about as bad as it could be, and shows that the democratic flying machine badly needs a steering apparatus.

There is to be established at St. Louis a home for unprotected and respectable girls who may go to that city to attend the fair. Miss Helen Gould has given \$1000 toward the project. Notices will be posted in the railway trains pointing out how to find the home.

Hon. Robert B. Roosevelt, uncle of the president, says he has the highest appreciation of his nephew personally, and of his unselfish and unquestioned devotion to the public good. And Mr. Roosevelt is an old-time democrat.

Good Spirits.
Good spirits don't all come from Kentucky. Their main source is the liver, and all the fine spirits ever made in the Blue Grass state could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower, the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At De Vane & Robinson's drug store.
